MEMORANDUM FOR: Director of Central Intelligence

FROM : Associate Deputy Director for Intelligence

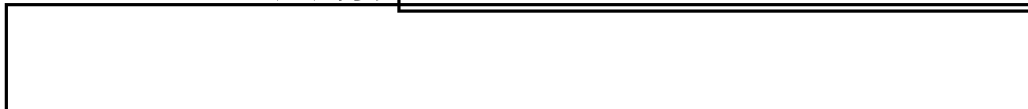

SUBJECT : DDI Activities Since 16 March 1974

1. I do not have a great deal to bring to your attention. With Secretary Kissinger in Moscow this week, NSC activity has been light since you left for Europe. There was an Under Secretaries Committee Meeting on Law of the Sea on 19 March in which Ed Proctor attended as the CIA principal. On 21 March, there was an NSC Meeting on SALT matters attended by General Walters and Carl Duckett (who will inform you in full about that meeting). At the moment, the NSC schedule for next week is clear.

2. Attached is a memorandum that Ed Proctor wrote on your behalf to General Allen

3. You will be interested to know that our plans for Black Faculty Day have been firmed up for Friday, 19 April. You will recall that we plan to bring between 20 and 30 deans, professors, and other influential faculty members from selected black southern universities to Washington for an orientation to the Agency in general and to this Directorate in particular. We are hopeful that your schedule will permit a meeting with this group at some point during the day. We will be in touch with [redacted] to work out the specifics.
